Always looking for ways to improve Broward's dependency system both in the courtroom and in the community, Judge Hope Bristol was honored with the 2012 Judicial Advocacy Award at the Guardian ad Litem Program's annual volunteer recognition celebration. The honor is given in appreciation of a jurist's dedication to the abused, abandoned and neglected children of Broward County.

At the annual meeting of the Broward Bar, Judge Jane Fishman was presented with the 2012 Stephen R. Booher award. This award recognizes jurists with extended years of service who throughout the years have exhibited superior legal knowledge and understanding, coupled with the highest measure of judicial compassion, conscientiousness and demeanor.

Congratulations to our judges!
