

STOP AN OVERDOSE

GET NALOXONE. SAVE A LIFE.

Naloxone is available in some pharmacies without a prescription.

Naloxone is an emergency medicine that prevents overdose death from prescription painkillers, heroin, and fentanyl. Florida law has provisions protecting overdose victims and anyone seeking or providing medical assistance from criminal prosecution and civil penalties.

Recognize an Overdose:

Unresponsive to sternal rub

Unresponsive to shouting their name

Slow or shallow breathing, or not breathing at all

Choking sounds or snore-like gurgling noise

Blue or gray skin and lips

Save a Life:

- 1 Try to wake the person up
- 2 Call 911
- 3 Give naloxone
- 4 Check for breathing
- 5 Stay with the person until help arrives
